QUICKLY EQUIP THE AQUATIC QUEUE

QUICKLY EQUIP THE AQUATIC QUEUE

Megabase is a display gothic with strong horizontal stress inspired by the clunkiness of 19th-century gothics like Gothic Bold and the space-age funkiness of 1970s designs such as Aldo Novarese's Sintex and Bob Newman's Zipper. Megabase goes beyond its forebears in emphasizing its horizontality; while most typefaces strive for an even typographic color, Megabase embraces its unevenness, allowing topheavy, bottomheavy, and diagonal forms to stick out like sore thumbs. The typeface offers several variants of especially disruptive letters, allowing the designer to calibrate these interruptions.

Available formats:

Desktop	OpenType CFF (OTF)
Web	WOFF, WOFF2
App/E-book	OpenType TrueType (TTF)

Designer: David Jonathan Ross

DJR draws letters of all shapes and sizes for custom and retail typeface designs. A native of Los Angeles, he began drawing typefaces at Hampshire College and joined The Font Bureau in 2007 where he honed his bézier-wrangling skills. Now he publishes visually imaginitive and technically advanced designs at his own foundry. You'll find him in Western Massachusetts with his partner Emily and their two dogs, Sophie and Lily.

Special thanks to Nick Sherman for suggesting the name Megabase, and to André Mora for the feedback.

Supported Languages include:
