Easy rotary latch system

Remote control

LEER Hardtop 100XR / 5.7' Bed w/o RamBox / from MY 2009

LEER 100XR offers more style and standard options than a conventional hardtop. In addition to its traditional 50/50 side sliding windows, there is a curved all-glass rear door with a centrally mounted LEER twist lock, a remote control for opening and locking, integrated headliner and a removable front sliding window to the cab.

Item No.: 57DR09-100XR

LEER Hardtop 100XL / 5.7' Bed w/o RamBox / from MY 2009

LEER 100XL offers even more functionality and flair than our 100XR. The recessed SUV-style side window with pivoting ventilation slots and covers protects the valuable cargo from wind and weather, improves the aerodynamics of your vehicle and gives it a classy, finish look. This model also includes a remote control, integrated headliner and a removable front sliding window to the cab.

Item No.: 57DR09-100XL

Available also as a complete set including LEER Locker (see page 9):

Easy no-drill installation

Twist handle lock with weather cover

Low-profile design

included

LEER 700 Tonneau / 5.7' Bed w/o RamBox / from MY 2009

The LEER 700 integrates seamlessly into the design of the vehicle. The tailor made fiberglass tonneau ensures an excellent fit and appearance. Thanks to the LEER superlift system, the tonneau can be opened and closed effortlessly with the LEER twist handle. The scope of delivery also includes a remote control and integrated headliner.

Item No.: 57DR09-700

LEER HF350M / 5.7' Bed w/o RamBox / from MY 2009

The HF350M from LEER is an innovative triple-folding cargo space cover. The ergonomic transition from the flaps to the side rails protects your load optimally against water ingress and therefore does not require any water drainage. When the loading area is completely open, the flaps can be locked upright so that the entire loading area can be used. With the HF350M from LEER you have a reliable, versatile and easy to use folding cover.

Item No.: 631117

UltraGroove Electric / 5.7' Bed w/o RamBox / from MY 2009

This tonneau can be moved to the desired position with a remote control. An electromagnetic brake locks the cover in any position. The aluminium plates are powder coated in matt black to create a robust and resistant surface.

Item No.: KED77A01

PE PACE | EDWARDS.

Full-Metal JackRabbit / 5.7' Bed w/o RamBox / from MY 2009

This retractable tonneau cover is made of aluminium and has a robust, powder-coated black surface. The flush mounting makes cleaning easier and gives the cover a slim, streamlined appearance.

Item No.: FMD77A01

Full metal, powder-coated aluminium deck

Opening/closing with the built-in drawstring at 12" intervals

CARRIERS & CARGO HAULING, ARRANGEMENT SYSTEMS

2'000 lbs / 900 kg
load-bearing
working deck

Two full-length
secure drawers

Mounting without
drilling

DECKED DR3 / 5.7' Bed w/o RamBox / from MY 2009

DECKED revolutionizes the storage and organization of loading areas with an innovative, weatherproof and ergonomic solution for your RAM. The DECKED system features two full-length secure drawers that slide effortlessly under a 2'000 lbs / 900 kg load-bearing working deck. It's made out of durable high-density polyethylene (HDPE) and American steel, giving owners ergonomic access to tools and equipment while making full use of their RAM load bed. The bearing is individually adjustable and the system can be easily mounted and dismantled on the loading area after assembly without drilling.

Item No.: 136640

BEDSLIDE 5.7' Bed without RAMBOX / 65"x 48"

LEER hardtop and tonneau customers can get the most out of their trucks by adding a BEDSLIDE. With the BEDSLIDE, you can load and unload your RAM more easily than ever before. The high-quality rail system carries up to 2'000 lbs / 900 kg.

Item No.: 139976

Carries up to 2'000 lbs / 900 kg
