SIGDA & ACM

www.acm.org/sigda   **www.acm.org**

The **ACM Special Interest Group on Design Automation** (SIGDA) has a tradition of more than forty years of supporting conferences and the EDA profession. In addition to sponsoring DAC, SIGDA sponsors ICCAD, DATE, and ASP-DAC, plus approximately 15 smaller symposia and workshops. SIGDA provides a broad array of additional resources to our members, to students and professors, and to the EDA profession in general. SIGDA organizes the University Booth and Ph.D. Forum at DAC and the CADathlon at ICCAD, and funds various scholarships and awards. SIGDA provides its members with full access to SIGDA-sponsored conference proceedings in the ACM Digital Library and the SIGDA E-Newsletter containing information on upcoming conferences and funding opportunities, emailed to SIGDA members twice each month. The SIGDA E-Newsletter also includes *SIGDA News* which highlights the most relevant events in the EDA and semiconductor industry, and the "What is...?" column that brings to the attention of EDA professionals the most recent topics of interest in design automation. For further information on SIGDA's programs and resources, see www.sigda.org.

The **Association for Computing Machinery** (ACM) is an educational and scientific computing society which works to advance computing as a science and a profession. Benefits include subscriptions to *Communications of the ACM*, *MemberNet*, *TechNews* and *CareerNews*, full and unlimited access to online courses and books, discounts on conferences and the option to subscribe to the ACM Digital Library.
