- AI for Impact Report
- Nonprofit specific resources by cloud

Azure Landing Zone for Nonprofits

What is the [Azure Landing Zone (ALZ) for Nonprofits](#)
- A **purpose-built, pre-configured scalable foundation** for managing cloud infrastructure in nonprofit organizations.
- **A blueprint for setting up core Azure services**, such as networking, management, identity, and security.
- It ensures that cloud resources are efficiently managed and securely governed from the start.
- A **simple design** that offers nonprofit organizations a way to rapidly deploy cloud environments that align with best practices for scalability, security, and compliance.

Why is it important for your nonprofit customers
Because the ALZ can accommodate various application portfolios and enable efficient application migration, modernization, and innovation, the **click-and-deploy Azure landing zone** helps your customers focus on work that matters most.

Prepare your customers for Giving Tuesday, December 03

Become a trusted advisor to your nonprofits by helping them make the most of this critical fundraising season. Show them how Microsoft 365 Copilot with its intuitive, contextual AI can help lighten campaign workloads and make it easier to achieve their Giving Tuesday and end-of-year campaign goals. Plus, with Microsoft's principles for responsible and safe AI built into Copilot, you can trust it to support their campaigns ethically and securely.

To discover what Copilot can help them accomplish, review this practical e-book, Nine Steps to Optimize your Fundraising and Marketing Campaigns with AI.

Microsoft 365 Copilot Getting Started Promotion: Available from September 01 – December 31, 2024

Microsoft 365 Copilot – Getting Started Promotion Launched September 1

For a limited-time, the Microsoft 365 Copilot Getting Started Promotion <u>enables customers buying between 10 and 300 seats to get a 15% discount from September 1, 2024, through December 31, 2024</u>.

Partners can package this promotion with additional services and take advantage of the monthly 2.5-hour Copilot training for end users.

AI for Impact Report: Strengthening AI Ecosystems for Social Innovation

Microsoft, the [Schwab Foundation for Social Entrepreneurship](#) and [EY](#) share a vision to harness AI's incredible potential for social good, while ensuring it is guided by principles of inclusivity, ethics and shared prosperity.

We recently released our third report on this vision. **'AI for Impact'** offers practical insights into how companies can collaborate with social innovators to maximize potential and drive social change.

Read the report: https://lnkd.in/dP_wubMp

This report outlines how technology organizations and business leaders can align with social innovators to maximize AI's potential and help create a just, prosperous society. It highlights the crucial role of intermediaries in bridging the gap between tech organizations and social innovators, and is a call to action to all in the social entrepreneurship ecosystem to join us in this mission. Together, we can harness the power of AI to make a lasting, positive impact globally.

Microsoft

Thank you, Partners!

The nonprofit industry – perhaps more than any other in Microsoft – is powered and led by partners.

Reaching these organizations is just the beginning – deploying technology, customer success, and mission impact is the work that you do every day, and it IS the critical last mile.

We appreciate you.
